ALARM IS GROWING.

The Washington Invasion a Serious Affair.

NEWS FROM ALL THE DIVISIONS

Over Seven Thousand Commonwealers Already Headed For Washington.—In Addition to These There Is Expected to Be Thousands of Strangers in the City to See the Invasion.

WASHINGTON, April 28.—Washington is thoroughly alarmed. It is an absolute certainty that there will be thousands of strangers here in a week or two, when the army of the commonweal is booked to arrive. Even though the Coxeyites may not be allowed to enter the district, it is believed thousands will be camped on the outskirts and thousands of strangers with no business but to see the invasion, will come this way.

Reports received at headquarters show that there are nearly 7,000 commonwealers headed for Washington, divided as follows: Coxey, main army, 300; Kelly, Anita, Ia., 1,000; Frye, Terre Haute, Ind., 1,000; Frye's second division, McLeansboro, Ill., 800; Grayson, Plattville, Colo., 100; Galvin, Wilmington, O., 200; Randall, Chicago, 500; Little Falls, Minn., 100; Butte, Mont., 300; Monmouth, Ill., 100; Ottumwa, Ia., 100; Sullivan's force, Chicago, 1,000; Aubrey's force, Indianapolis, 700; total, 6,900.

Fifty senators think the Coxeyites have a perfect right to enter the city and do as they please within the limits of the law, and that is probably what they will be permitted to do.

The health commissioner can and will keep out any one who is not in good health—that is, who may be suffering from contagious or infectious disease.

The Capitol police have already begun to be more strict. All cards of admission to the senate gallery are now closely inspected and taken up. Other rules will be strictly enforced from now on.

Squads of policemen in uniform are stationed at the railroad stations, with instructions to make any large incoming bodies of men give an account of themselves. The officers have been armed with extra heavy oak batons.

WASHINGTON HEADQUARTERS.

Nineteen Men Already There and a Commune Organized.

WASHINGTON, April 28.—Chief of Police Moore said that the Coxey army can parade down Pennsylvania avenue so long as its component parts conduct themselves in an orderly manner. That is one of the rights of an organization, he said, and the police do not intend to interfere. They can not, however, march into the Capitol grounds.

Nineteen men who have drifted into Washington from other cities were organized into a commune at headquarters by Citizen Redstone and sent out to meet the army. All claim to be workmen, three of them telegraph operators, and Redstone with great solemnity signed a commission empowering the leader, Charles Stansbury of Baltimore, to make enlistments.

Another meeting of the executive committee was held yesterday afternoon, and blanks for securing subscriptions were distributed. Contributions come in with a discouraging infrequency.

Will Not Get Government Tents.

WASHINGTON, April 28.—The house military committee held a meeting yesterday, but did not consider Representative Boen's resolution for army tents and a government reservation for Coxey's army. As this was the last meeting before the arrival of Coxey, it makes it certain that Coxey's followers will not be authorized by congress to use government tents or reservations.

THE ORIGINAL COMMONWEALERS.

Rumblings of Discontent Heard in Coxey's Army.

GAITHERSBURG, Md., April 28.—The journey of the army yesterday, though over good roads, was made more than usually weary because of the succession of high hills and deep valleys. A halt was made for 10 minutes' rest at Clarksburg.

In response to a request by one of the spectators, Coxey made a 10-minute speech.

At Green Center, when lunch was had, Coxey again spoke. The tramp was resumed, and without incident the army marched in here at 3 o'clock and went into camp about three-quarters of a mile from the center of the hamlet.

There are rumblings of discontent in the army, and there are predictions that the army, though it seems scarcely probable, may go to pieces before Rockville is reached. Hard tack and coffee alone for the two days is evidently causing some grumbling.

There was some happenings at Rockville yesterday. Unknown Smith is down there with 25 followers who left Coxey's rank back on the trail when Coxey deposited Smith and re-established Brown. They are in camp on the fair grounds at Rockville whither Coxey will march his men. The Unknown has printed white badges on his men thus: "Friendship, co-operation and peace. The Unknown contingent of the commonweal army. We favor all laws that bring Peace on Earth and Good Will to Men."

At 5 o'clock the Unknown formed his men at the Rockville station, and, carrying sticks with white banners, started out the Baltimore road to meet the contingent of 60 men that are marching from Baltimore under the leadership of Christopher Columbus Jones. At 6 o'clock the Unknown returned to camp at the fair grounds, saying that he had

not seen any of the other marchers on the roads.

One of the Unknown's badges was shown to Coxey here. He read it, smiled and said: "There's nothing like competition."

The Unknown contingent affect to believe that when Coxey reaches there his men will largely desert to the ranks of Unknown Smith. They don't know, however, but they might go over to Coxey if Marshal Carl Browne were deposed. They expect the Jones contingent will join ranks with them on their arrival. All is quiet here. Rain has been falling and the skies are threatening.

The army will go from here to Rockville, where they will camp on the fair grounds. There they will remain until Sunday when the last march outside of Washington will be made with the rendezvous at Brightwood park, which is about two miles from the city limits of Washington. There the army will be until Tuesday, when it is Coxey's purpose to march his men into Washington and up to the Capitol steps.

GALVIN'S TROUBLES.

His Band Making But Slow Progress Through Ohio.

COLUMBUS, O., April 28.—Galvin's detachment of Frye's commonwealers during the night boarded a Baltimore and Ohio railroad freight train for Columbus, two miles out of Washington C. H., and rode from the coal chutes, 15 miles to Mount Sterling, Madison county. The train was there sidetracked by order of the company. The men are still on it, refusing to get off, the company won't yield, and the sheriff says he will not act until warrants are issued against the men as individuals.

A small squad arrived here on foot. They report that Galvin resigned temporarily to escape arrest as a leader while at Washington and that he will resume command here.

Sheriff Rose of this county has mailed notices to a specific number of men to hold themselves ready to report to him when called to take charge of Galvin's detachment. He did this, he says, to be ready for any emergency, in view of unsettled affairs in the country.

A special to The State Journal from Mount Sterling says on the arrival of the special train from Columbus, at 2:15 a. m., Detective Mahoney ordered the Galvin men to surrender the captured train. The men jeered him and refused to leave. The detective did not attempt to use any force out at once telegraphed to the governor for help. It is probable the militia will now be ordered out.

STILL UNDER ARREST.

United States Troops Guarding the Stealers of the Train.

ST. PAUL, April 28.—The contingent of the Coxey army that was arrested by the United States troops at Forsythe night before last is still at that point awaiting orders from Washington to their captors for their disposition. There are 331 in the number and they are guarded by Colonel Page with a detachment of the Twenty-second regiment.

He had been ordered to turn them over to the marshal, but that officer seems in no hurry to take them in charge and the Montana civil authorities are equally slow in moving. It seems that the plan is to wait until the present excitement at Butte and Helena has considerably subsided, and then take them to Helena for trial.

Kelly's Whereabouts.

STUART, Ia., April 28.—General Kelly announced last night that he would make a forced march of 41 miles to Des Moines today and that he intends to be there Sunday. The army can not reach the state capital before 3 or 4 o'clock Sunday morning, and it is probable that the 20-hour march will leave many of the men by the wayside.

The industrials presented a solid front when they marched into Stuart at 6 o'clock last night, but there was not more than 800 men in line, which followed Kelly's prancing black charger. The remaining 400 came straggling in for hours on foot, on wagons, the railroad track and on the wagon road. The men were well fed at Stuart, and though tired out, are in good humor.

Trains Will Not Stop.

FORT MORGAN, Colo., April 28.—Grayson's commonweal army of 120 men arrived here yesterday, some in wagons and others walking. Their attempts to capture an eastbound train on the Julesburg branch of the Gulf road or on the Burlington and Missouri River have been frustrated, as all trains are under orders to pass their camps without stopping.

Arrested For Vagrants.

WESTERLY, R. I., April 29.—General Fitzgerald's section of the New England industrial army were arrested last night and locked up here. This is the first time since the march has been commenced that the army fell into the hands of the authorities. The arrest was made under the vagrancy act.

One of the Army Run Down.

TOLUCA, Ill., April 28.—A man was killed yesterday about five miles east of this city by the train conveying the miners home. He is supposed to have been one of the stragglers of the Streator wing of the army.

No Foundation For the Story.

KANSAS CITY, April 28.—There is no foundation whatever for the story sent out from Hennessey, O. T., by special correspondents to the effect that a band of horse thieves, numbering seven, was exterminated by a vigilance committee in the Cheyenne reservation.

Million Dollar Failure.

NEW YORK, April 28.—Henry Newman & Company, importers of clothiers' supplies, at 628 and 630 Broadway, have made an assignment to Nathaniel X. Myers of 45 Wall street. The firm is the largest in the trade, and the failure is said to involve \$1,000,000.

ALDRICH'S BIG BLUFF.

He Proposes an Immediate Vote on the Tariff Bill.

THE DEMOCRATS AGREE TO IT.

Then the Senator From Rhode Island Backs Down and the Tariff Debate Continues in the Senate—Twenty-One Private Pension Bills Passed by the House. A Pathetic Incident.

WASHINGTON, April 28.—It was not until 17 minutes past 11 yesterday that enough senators were in their seats to make up a quorum. Mr. Allen endeavored to call up his Coxey resolution as unfinished business, but Mr. Harris objected, stating there was no such thing as unfinished business. The chair so decided. Harris' motion to take up the tariff bill was agreed to, 29 to 16. Mr. Dolph yielding to Mr. Lindsay his right to the floor, the Kentucky senator then spoke in support of the tariff bill.

In reply to a question by Mr. Aldrich, as to whether senator Lindsay subscribed to the doctrine enunciated by Mr. Mills that coffee, tea and sugar should be taxed and the duty on iron and steel reduced. Mr. Lindsay said he did not think Mr. Mills voiced the sentiment of the entire Democratic party.

"I do not believe," said Mr. Aldrich, "that either the senator from Texas or the senator from Kentucky knows what the Democratic party wants."

"If you will agree to take a vote on this bill today you will find out what the Democratic party wants," retorted Mr. Lindsay.

"I will agree to take an aye and nay vote on the bill as it came from the house at 3 o'clock," said Mr. Aldrich, throwing down the gage.

Mr. Lindsay asked why he did not include the proposed amendments of the finance committee in his proposition.

At 1:24 Mr. Lindsay concluded his speech, and immediately Senators Dolph, Culom, Harris and others were on their feet asking for recognition. Mr. Harris was recognized, and, standing beside his desk with the official report of the colloquy between senators Lindsay and Aldrich in his hand, read the proposition, as he said, of the senator from Rhode Island—first to vote on the bill as it came from the house and then to vote on the bill as it was reported to the senate by the finance committee at 3 o'clock. Mr. Lindsay had disclaimed any authority to speak for his party on these propositions and Mr. Aldrich said he would like to hear from the senator from Tennessee (Harris), who had charge of the bill. He said he accepted the proposition to vote on the senate bill, and followed it up with a request for unanimous consent for such a vote at 3 o'clock.

It was at once apparent that Mr. Aldrich did not intend to accept this offer. Several Republican senators objected to the unanimous consent and Mr. Aldrich, with some difficulty, received recognition. He explained that while he had offered to vote on the house bill, he had only asked the Democratic senators if they would vote on the senate bill. Further than this he made the proposition to the senate and not to a Democratic caucus, which he intimated had been held since his proposition had been made.

He was accused of backing down and quibbling, and Senator White of California intimated that he had been "bluffed" and had been "called," and also said that the senator from Rhode Island would probably understand the term. The senate and spectators knew, and an audible demonstration followed the sally.

Mr. Aldrich evidently knew what was meant and replied by saying that it was not common in places where the words were applicable, to allow the adversary two hours to look over his hand before making the call, and that was what the Democratic senators had done.

Senator Teller stated his objections to a vote in vigorous terms, and in an allusion to the compromise tariff bill brought out a vigorous denial by Senator Voorhees that any such bill was in existence. But the interest in the battle had disappeared, the gong sounded a retreat, and the most dramatic incident of the senate tariff debate closed.

House Proceedings.

WASHINGTON, April 28.—Twenty-one private pension bills passed tells the story of the day's work in the house. Mr. Hepburn of Iowa, who has been harassing the Democratic side daily for a week to force action on these pension bills, finally succeeded through the aid of Mr. Pickler of South Dakota, who has been picking with him, and the bills were passed in 21 minutes.

The beneficiary of one of the bills, an old lady of 96, totally blind, the widow of a soldier of the war of 1812, had died since her bill was reported from last Friday night's session. When it was read and about to be placed upon its passage, Mr. Taylor of Indiana interrupted. "Never mind, Mr. Speaker," said he, "that bill can be laid aside; the old lady is dead."

The members who had been chatting and laughing stopped. There was a moment of silence. The relief for which the old lady had been striving so long was at hand, but like many other congressional claims, it was too late. Congress could no longer give her relief. The clerk paused and then went on reading the next bill.

The remainder of the day was devoted to the consideration of private bills, but only one, that to reimburse Hiram Johnson and some other Tennessee war claimants, was disposed of, and it was recommended for further investigation. One other bill was taken up—a bill to refer an Alabama cotton claim to the court of claims. It met with strenuous opposition, however, on the ground that

it would open the way to other cotton claims aggregating \$120,000,000, and was not voted upon before the recess.

The evening session was also devoted to pension bills.

Attempt to Rob a Bank.

CHILLICOTHE, Mo., April 28.—An unsuccessful attempt was made to rob the Farmers' bank of Laclede, 20 miles east of here, last night. The safe containing \$3,000 was blown open, but the explosion aroused the citizens and the burglars fled without their booty.

Seventy-Four Horses Perish.

NEW YORK, April 28.—Seventy-four horses and 65 trucks and wagons were burned up in a fire last night in the stable of Richard Fitzpatrick on West Nineteenth street. Before the fire was put out a damage of \$80,000 had been done. Insurance \$25,000.

DEMANDING FOOD.

Poor Commissioner Compelled to Resign by an Angry Mob.

IRON MOUNTAIN, Mich., April 28.—Five hundred men, chiefly Italians, paraded the streets behind a red flag yesterday, demanding bread. They marched to the high school grounds, where a relief committee had been working, and stopped them. A meeting was held and the men unanimously passed a resolution ordering Poor Commissioner McClintock to leave the city in two hours.

As soon as Mr. McClintock heard of it he handed his resignation to Chairman McNaughton of the county board.

Every one who marched through the streets with a red flag was given a poor commission order for \$2.00 at any store, and during the afternoon 300 orders were issued to married men, representing a total number in families of 1,000. This will be continued.

Single men can not get orders and are getting boisterous. Unless outside assistance arrives soon serious trouble is bound to occur. A committee leaves here tonight for Lansing to appeal to the governor.

Conservative estimates place the number in the city absolutely without a solitary thing in the house to eat at 2,500. Many pathetic instances come under observation.

Last night fully 600 men gathered in a building in Chapin street, and the state will be asked to give immediate aid to prevent starvation. The assistance given here will tide them over two days, but other help must arrive by Monday or Iron Mountain will be the scene of riots and possible bloodshed. The men are mostly Italians and Finlanders, with sprinkling of Swedish, Cornish and Austrians.

HAWAIIAN ROYALISTS.

They Will Antagonize the Provisional Government Convention.

SAN FRANCISCO, April 28.—Advices to the Associated Press from Honolulu up to April 11 state that 2,000 royalists met Monday evening, April 9, and adopted resolutions condemning the manner in which the provisional government has provided for the election of delegates to the constitutional convention and calling on their compatriots and sympathizers to refuse to take the oath of allegiance to the provisional government necessary to make them eligible voters. The resolutions also commit the royalists to a policy of antagonism to any project of the provisional government to extinguish the Hawaiian constitution of 1887, or to adopt a form of government other than the one sanctioned by said constitution until a definite and final adjustment of the Hawaiian matter shall have been made by the United States.

The ex-queen was opposed to the meeting, which was held under her protest. It is reported the movement really means the formation of a new party of royalists and few former annexationists who are dissatisfied. Many Americans refuse to take the oath, fearing they will lose their right to vote in the United States. Only 700 out of 13,000 voters have registered.

Named by the President.

WASHINGTON, April 28.—The president yesterday sent the following nominations to the senate:

Justice—Harry E. Briggs to be attorney of the United States for the western district of Wisconsin.

Postmasters—Fletcher A. Culter, Eureka, Cal.; John O. Miller, Bakersfield, Cal.; John R. Heaton, Winchester, Ind.; Thomas J. Smith, Frankfort, Ind.; John H. Hirt, Wilmington, O.; Frank M. Root, Berea, O.; William R. Sander, Kutztown, Pa.; Isham J. Pringle, Marlinton, Tex.

Mrs. Lease Seriously Ill.

RICHMOND, Ind., April 28.—Mrs. Mary E. Lease, the Kansas reformer, who spoke here yesterday in company with Mrs. Helen M. Gouger, was taken suddenly ill last night at her hotel and it was thought for a while was dying. A physician was called and pronounced her ailment as heart disease. She is now some better.

Murderers Refused Bond.

MUNCIE, Ind., April 28.—Judge Behmer refused to release Gorman and Benjamin, charged with the murder of Lawyer Bailey, on bond. His honor said their case would be before the grand jury next week, and after that the attorney could appeal before the circuit court.

Editor Hatton Much Improved.

WASHINGTON, April 28.—Editor Frank Hatton's physicians state that his condition continues favorable. His family are very hopeful of his complete restoration to health.

Death of the Oldest Ex-Governor.

CONCORD, N. H., April 28.—Ex-Governor N. S. Berry, the oldest ex-governor in the United States, died yesterday in Bristol of pneumonia, aged 98 years.

INVOLUNTARY MANSLAUGHTER.

Riotous strikers' Trial Ended After Seventeen Days.

CHARLESTON, W. Va., April 28.—After a trial lasting 17 days Dave Wills, Ed Nuanely and J. B. Gibson, three of the men engaged in the recent Kanawha valley strikes, were convicted in the criminal court at Fayetteville of involuntary manslaughter and sentenced to one year imprisonment in the county jail and to work at hard labor, wearing the ball and chain, besides paying a fine of \$300 each. The verdict says the men to stand committed till the fine is paid, which means at least three years of hard labor unless their friends pay off the judgment. The best legal talent was engaged in the case, and the fight was a very bitter one.

The men were convicted principally on the testimony of C. F. Girard, a Chicago detective, and Ernest Jackson, one of the strikers who turned informer. Jackson's life was threatened immediately after he confessed to the authorities during the strikes last month, and in order to protect him the detective took him to Chicago where he has been until he came here to testify at the trial. His life has been threatened several times within the last few days and Thursday night a considerable crowd of miners assembled at Montgomery vowing vengeance against him, and thinking he was at that place, but he was then at Eagle. He will be taken back to Chicago.

Wash Adams, the man who was convicted at the February term of the Fayette county criminal court of the murder of Ike Radiard last December, and who obtained a new trial, has been convicted again and will hang on the 29th of June.

THE STRIKE ORDERED.

All Efforts to Settle the Great Northern Trouble Has Proved Fruitless.

MINNEAPOLIS, April 28.—All efforts to settle the strike have failed, and President Debs of the American Railway union issued orders for a strike on all the Minnesota divisions of the Great Northern. This completes the strike from St. Paul to the coast.

President Hill of the Great Northern again proposed his plan of arbitration at the last conference between the men's committee and the road, but it was refused.

Started Out, but Deserted.

ST. PAUL, April 28.—The afternoon train started out on the Great Northern with a full crew, notwithstanding the union order to strike. When it reached Jackson street, however, where there is a switch, but no switchmen, the train stopped and the engineer, fireman and baggageman deserted. The conductor stood by the train, but refused to talk.

SENATOR QUAY ILL.

His Condition Seems to Be Extremely Grave.

PITTSBURG, April 28.—Senator Quay is reported to be very ill at his home at Beaver. He had arranged for a political conference here yesterday afternoon and attend the American club banquet at night, but he was unable to leave his home. A close friend of Senator Quay says he was taken sick about two weeks ago, but it was not known to the general public.

The affliction is one that may take him off without much warning, and the fact that he did not appear here is the best evidence that he is very ill. The work on his tariff speech was too much for him in his then weakened condition, and for that reason his friends fear that he is in a weaker condition than is generally believed.

Saloon Wiped Out of Existence.

LOGANSPORT, Ind., April 28.—The one notorious saloon which has been the cause of several sensational incidents at Burlington was literally wiped out of existence last night by mob violence. A crowd of 100 men battered in the front doors, emptied the liquors into the gutter and burned the furniture in the street. The proprietor, Bert Wills, and his bartender were held, bound and blindfolded while the work was done.

Seventeen Buildings Burned.

NEW CASTLE, Ind., April 28.—Fire broke out in William Casper's dry goods store at Cadiz, a small town four miles west of this place, at 1:30 o'clock yesterday afternoon. A strong wind was blowing and all efforts to subdue the flames were of no avail. Seventeen buildings, including 10 residences, one hotel, several stores and one doctor's office were burned. The loss is estimated to be in the neighborhood of \$20,000.

Trouble With the Indians.

DENVER, April 28.—Indian Agent Plummer has written to army headquarters from Farmington, N. M., asking that a troop be sent to arrest a band of Navajos that have been stealing cattle from settlers. General McCook replied as the Indians are off the reservation, he could do nothing and the governor of the territory is the proper officer to take action.

Compelled to Quit Work.

CLEVELAND, April 28.—One hundred of the idle laboring men of this city marched yesterday afternoon upon the construction gang at work for the Cleveland, Lorain and Wheeling railroad, just outside the corporate limits, and compelled them to drop their tools and disperse. Work will be resumed in a few days under a strong guard of special constables.

Sporting Writer Drops Dead.

ST. LOUIS, April 28.—Benjamin Armstrong, widely known as a sporting writer, dropped dead here yesterday of heart disease. Armstrong was getting off a streetcar when a horseman rode upon him suddenly, and the shock given and his effort to get out of the way precipitated the fatal attack. He was 45 years old.

COXEYISM AND THE HIGH TARIFF.

"The charge that Coxeys paternalism is an imitation of tariff paternalism is only half the truth; it is not merely an imitation but an inevitable consequence," asserts the St. Louis Post-Dispatch.

"The protective policy," adds the Post-Dispatch, "builds up great industries at the expense of the country. It creates artificial prosperity and abnormal activity. The first effects are large profits and high wages, the natural result of which is a rush of capital and labor into the favored industries. Then reaction follows as the night the day. Labor is unprotected and competition among workers and selfishness among employers brings a surplus of labor and starvation wages. Over-production increases the surplus. Combines of employers, under the easy opportunity of tariff laws, regulate production and the labor surplus is increased. Tramps are made and an army of unemployed is formed.

"The interference with the laws of trade and industry creates periodic depression. The wealth of the country is absorbed from its rightful owners and concentrated in the hands of a few persons. The army of the unemployed is thus increased and its sufferings are intensified. Meanwhile the fact that legislation has created apparent prosperity and the campaign of fallacious reasoning in favor of prosperity, creating legislation fosters in the minds of the people the idea that there is no limit to the prosperity-creating power of the Government. The workmen have been taught that the Government can make work and wages for them through legislation. Thus the men thrown out of work are saturated with the delusion of paternalism.

"The fruits of a quarter of a century of protection are two armies hammering at the doors of Congress—one army of workmen begging favors for their pampered masters and an army of unemployed demanding largess from the public treasury."

A DELEGATE to the Indiana Republican convention this week was arrested while the meeting was in progress for a brazen attempt to secure a hung jury in the trial of the Indianapolis National Bank wreckers. He and one of the jurors had conspired to get \$5,000 out of the case. Both are in jail and are certain of a term in the penitentiary. The G. O. P. of Indiana will no doubt be deprived of a very effective worker in the coming campaign.

The Cleveland World, a rabid Republican paper, is forced to admit that the present Legislature of Ohio is an aggregation of incompetency and venality. It uses the following forcible words:

The tendency of the Legislature this session to indulge in special legislation is something terrible. All that is necessary, apparently, in order to get salaries raised and special laws of any kind passed is to ask for them. The hard times do not seem to cut any figure when it comes to mulcting the patient taxpayers. But the taxpayers will have an opportunity to have their say later on.

One of the strongest speeches yet delivered on the Wilson bill was that of Senator Mills. He pointed out the fact that five billion dollars worth of goods are made in this country annually, and that it requires 114,000,000 people to consume this immense product. As there are only 65,000,000 people in the United States the necessity of seeking a market elsewhere for fully half of our goods is apparent to all. Closer commercial relations with other countries must be sought and the markets of the world opened to our farmers and manufacturers if we would prosper.

ROBERT HILL was fined \$50 and costs in the Police Court Friday for abusing his family and using abusive language.

BORN, to the wife of Mr. Isaac Cobb, of the East End, a son—Daniel Wilkins Cobb. Weight, twelve pounds.

It is an excellent position and the appointment is a great compliment to Mr. Hays. Will's many friends here and elsewhere will be glad to learn of his good fortune.

REV. W. O. COCHRANE has returned from the meeting of Ebenezer Presbytery at Augusta and reports a very full and interesting session. An overture was sent up to the General Assembly looking to closer union with the Northern church. Rev. W. H. Neel, of Covington, was elected delegate to the General Assembly, which will meet in Nashville May 17th. Mr. R. M. Byar, of Chatham, was chosen lay delegate. The next session of the Presbytery will be held at Vanceburg in the fall.

BRIEF mention has been made of the marriage of Miss Nettie Warren, of the West End, to Mr. Thomas J. Coleman, of Covington, Wednesday afternoon at the home of Mr. and Mrs. J. Henrich, in the West End. The ceremony was solemnized at 2:30 o'clock by Judge Phister. The residence was crowded with friends and relatives. The bride's costume was a pretty shade of grey, and she carried a bouquet of Mermes roses and smilax. The couple received many handsome presents. Among the guests from a distance were Mr. and Mrs. Hill, Mrs. Richard Lambert, Mr. and Mrs. Richard Demarcous, Mr. J. W. Delaney and Mrs. S. P. Delaney, all of Covington.

Night subject, "How Far Is the Pulpit Justified in Disturbing Long-settled Beliefs?" Newman Smyth says, in "Old Faiths in New Light:" "The mere suspicion that the advanced scholarship and the old faiths are at variance is itself a fruitful cause of popular indifference and unbelief. Indeed, the christian faith suffers more from a vague mistrust, or undefined unbelief, among the people, than it does from any one positive and definite form of infidelity. As a little warmth of the rising sun may call up the mists which are to be dissipated by its more powerful shining, so this vague and popular unbelief is to be dispersed, not by withholding knowledge, but by shedding abroad all possible light." Every sincere man should desire to find the facts just as they are, not to change facts to suit his theory.

BURGLARS MAKE A RAID.

Dora's Store at Germantown Visited Last Night—What the Thieves Secured

Burglars made a successful raid on Mr. T. M. Dora's store at Germantown last night. The thieves succeeded in breaking open the front door and blew the safe to pieces. They secured \$20 from the money-drawer and over \$100 and a gold watch from the safe.

In their haste they overlooked several hundred dollars folded in paper. They failed to open the vault.

Mrs. Elliott's horse was gone this morning and it is supposed the thieves rode it away. A coat was found at the door that may lead to the detection of the burglars. It was evidently the work of new hands as they used tools from a blacksmith shop in the town.

The ladies of the M. E. Church, South, had \$35 deposited in the safe, which was taken. If the thieves have any conscience at all they will return this.

Three suspicious-looking men were seen in the town early last night.

Why Huff Won't Run.

Flemingsburg Times-Democrat: "Dr. Huff has given up to Morg, and will not run for Congress this year. Morg. wanted that empty honor for his son-in-law, and he gave Huff the position of Chief Medical Officer of the Lewis County Infirmary, in other words, poor house doctor. Perhaps it's the best. There is more pie in that for Huff than there is for Pugh in the Congressional nomination."

"Jack-in-the-Box."

Covington Commonwealth: "The only reply we care to make to the genial and fatherly editor of the Maysville Public Ledger, is that any business man would rather have in his employment an honest servitor, making occasional mistakes, than an abandoned and proven thief. It is a trumpery offence to delay, for a short time only, legislation that will work for the good of all, when compared with that other legislation which has created the tramp, precipitated general industrial disaster, and yet permitted the manufacturer and the monopolist to swell and fatten his already overladen coffers. Our Jack-in-the-box friend pops up his head often with flippant remarks, but he needs a little logical underpinning for his shaky combativeness."

CHURCH EXTENSION.

What the South Methodists Have Done in This Line in the Past Four Years.

The annual meeting of the Board of Church Extension of the M. E. Church, South, was held in Louisville this week, with Bishops Granberry, Hargrove, Galloway, Hendrix, Key, Fitzgerald and Keener present.

The official reports show that during the four years ending March 31, 1894, the church was asked to contribute to the general funds of the committee \$385,000. In response \$247,785 was contributed, an increase of \$57,319. The membership is 1,266,562.

The receipts from contributions on all accounts during the quadrennium is summarized as follows: Assessment account, \$244,565.86; special donations, \$9,500.07; loan fund account, \$50,700.71; total, \$304,836.64. The prevailing financial stringency caused a suspension of the plan to raise a jubilee loan fund of \$50,000.

The boards connected with annual conferences in the United States and mission conferences in Mexico have paid grants to churches aggregating \$110,000. The whole number of churches aided by the various boards is 2,416 and the total sum granted \$267,277. The general board has, in addition, donated \$104,401 to 225 churches.

From the organization of the board down to March 31, 1894, it had aided by donations 457 separate churches, giving \$227,775. The board aided 80 churches by loans aggregating \$89,800. By all boards the total aid given in four years is \$303,404, and from the beginning the total is \$674,952 for 3,052 churches. Of the churches aided 1,792 were east of the Mississippi, receiving \$330,647, and 911 were west, receiving \$334,990. The total expense for administration from the beginning was \$63,244.36, and the ratio of expense to receipts was 7.71 per cent. For the last quadrennium the rate was 7.13 per cent.

RIOTING RESORTED TO

Blood Spilled Among the Illinois Miners.

THREE MEN BADLY WOUNDED.

Two Others Injured, but to What Extent It Is Unknown—Six Thousand Miners Out in Indiana—Unchanged Is the Situation in Ohio—Growing Extent in Pennsylvania.

TOLUCA, Ill., April 28.—Rioting broke out here at 8:30 o'clock last night and the first blood was shed owing to the refusal of several miners to quit work. Three men were wounded before the deputies could reach the scene of trouble. The fighting lasted not more than two minutes. Several pistols were fired without other effect than to attract a crowd of miners who had been carousing in the neighboring saloons and dance halls.

The wounded are:
F. Garibaldi, Italian miner, jaw smashed.
Frank Martini, Italian miner, badly cut about the head and face and skull injured.

Dimetri Sipek, Polish miner, face cut and head bruised.

Two more Italians, known to have been badly injured, were carried into the woods by their friends and have not been found.

Martini, Sipek and Garibaldi were carried to a saloon where their wounds were dressed. The doctors say the men will recover. Their wounds were the result of the general club play indulged in by a band of striking miners from villages nearby. They encountered a few men, who declared that they would not work. Hard words led to harder blows, and serious trouble was averted only through the fact that the belligerents were on the outskirts of the town. The attacking party fled, and after a brief search the deputies gave up the attempt to locate them.

STRIKE IN INDIANA.

Six Thousand Men Out and but Very Few Working.

TERRE HAUTE, Ind., April 28.—President Dunkerly of the state miners' union said: "I can now announce that the strike of Indiana miners is general, and that 6,000 men are out. The block coal men have joined us almost to a man, and with the exception of a few mines in the lower part of Clay county, and the bituminous mines at Evansville, there is not a mine working today. President McBride telegraphs me that everything is looking well."

"The report sent out that the bituminous men stoned the block coal men at Coal Bluff while going to work Tuesday is untrue. The best of feeling exists between both, as the block coal men realize it is for honest wages the suspension has been ordered."

Refused the 80 Cent Offer.

BRAZIL, Ind., April 28.—The block coal miners' committee met the operators yesterday and blankly refused to accept their proposition to pay 80 cents per ton until the general strike was settled. Most of the miners are out, though the men claim that those wanting to continue work until May 1 are not prohibited from doing so. The bituminous miners are all out, and threaten violence to block men who continue work.

Will Raise the Price of Coal.

ST. JOSEPH, Mo., April 28.—Unless the coal miners' strike is ended in a few days, the price of coal in this city will be raised. Most of the soft coal used here comes from Richmond, Macon and Bevier, and the miners' strike there is likely to shorten the supply. One large dealer is already out of fuel and others say it will have to be shipped from distant points if the strike continues.

No Change in the Miners' Strike.

COLUMBUS, O., April 28.—President McBride of the United Mine Workers issued bulletin No. 1 to be mailed to miners, telling them to pay no attention to newspaper reports, and that he will post the miners at short intervals. A proof slip of the bulletin was kindly furnished the Associated Press by Mr. McBride and shows no change from facts already reported.

CHARLESTON, W. Va., April 28.—Information reaches here to the effect that at least 2,500 New River miners went out yesterday. This may precipitate a general strike throughout the Kanawha valley region.

All But One.

UNIONTOWN, Pa., April 28.—The strikers are now in possession of every plant from Connellsville to Fair Chance, except Oliver, where another attempt is being made to run.

FREIGHT TRAIN WRECKED.

Two Men Badly Injured and Five Cars Completely Demolished.

BUCKRUS, O., April 28.—Freight train No. 71, westbound, on the Pittsburg, Fort Wayne and Chicago railroad, coming down grade, broke in two just east of this city. Eighteen cars in front stopped for the Toledo and Ohio Central crossing. The 23 cars broken off, nearly all loaded, came on with increased speed and crashed into the front cars, breaking five cars to pieces and piling them up in a heap.

Two men were beating their way in a boxcar, which was smashed all to pieces. Both men were taken out alive. One gave his name as Joseph E. Johnston, son of William Johnston of 224 Water street, Cincinnati, and occupation a baker. He is badly injured about the head and will probably die. He said his sister is the wife of Superintendent Birdsell of the Columbus Buggy company. The name of the other is George Lewis, a tailor, who is probably a professional tramp. He was not much injured.

One Child Rescues Another.

TIFFIN, O., April 28.—At dark last night Frank Crooks, 10 years old, fell into the Rock Creek stone quarry, 25 feet deep, and was sinking for the third time when Dessie Miller, aged 12 years, sprang into the water and rescued him.

The Dog Came Back.

Manchester Signal: "About fifteen years ago John A. Murray, of this place, had a pet dog which followed him wherever he went. It went with him to campmeeting at Brittingham camp-ground one Sunday, and while there got lost. Inquiry was made but no trace of it could be found. The animal had passed out of Mr. Murray's mind entirely when one morning last week he was found lying on Mr. Murray's porch when the family got up. He was at once recognized and seemed glad to get home and has since been as one of the family. This seems a remarkable story but is nevertheless a true one."

When you read this let it make an impression upon you sufficient to bring you out to the Y. M. C. A. to-morrow at 3:45. The men's meeting is the very place for seeing your friends, meeting young men who will help you and hearing God's word. "What is My Aim in Life?" is the subject, a practical, attractive sentence which should enlist your attention and draw you personally. Ask some one to come with you, pray for the success of this organization, strive to learn something of its work; once enlightened you will so enjoy it as to give it all the help in your power. It is the work shop of the church, modeling and moulding men for active service in God's house. Come out. Room open all afternoon.

In the Fleming Circuit Court this week, S. D. Nichols was fined \$400, John D. Secrest \$200, David Day \$100, and George Williams \$100 for violating the prohibition law. Ben Helphinstine was taxed \$50 for gambling, and William Chrisman and Sterling Carpenter \$10 each for horse-racing on the public highway. Sam McRoberts was given \$15 and costs for a breach of the peace.

The Governor of Kentucky will pay \$150 for the arrest of Harry Scott, a Lare County murderer; \$200 for the arrest of John Stephens, charged with murder in Clay County, and \$100 for the arrest of Robert Jackson, wanted for a like crime in Laurel County.

THE BULLETIN'S information is that the C. and O.'s new fast train will stop at Maysville. This is to be the first stop after leaving Cincinnati and its suburbs. The new train will also stop at South Portsmouth.

At Danville this week, Mrs. Betty Virion, of Cartersville, Ga., got judgment against the Cincinnati Southern Railroad for \$3,500 for injuries received two years ago. She sued for \$5,000.

Strikes and Labor Disturbances Interfering With Business.

NEW YORK, April 28.—R. G. Dun & Company's weekly review of trade says: When accounts of great strikes and labor disturbances crowd all newspapers, it is idle to look for much improvement in business. That every week of idleness for so many men must appreciably lessen the aggregate power to purchase products of labor is evident. But in spite of all some improvement still appears.

Several large auction sales of textile goods have disturbed markets and brought remarkably low prices, for flannels and blankets about 25 per cent below the previous quotations, and 15 per cent below the previous sales.

Sales of wool at the three chief markets were 5,841,658 pounds, against 3,993,400 last year, and prices of some scarce kinds have advanced a cent, but new wool is being taken at the lowest figures yet reported.

Continual reports of changes in the tariff bill add to difficulties of producers and dealers.

Speculative markets are practicing the philosophy of Mr. Micawber, and are naturally lower. Western receipts of wheat have been only 1,136,479 bushels, against 2,717,387 for the same week last year, and Atlantic exports 941,958 bushels, against 1,243,535 last year, but the price has dropped one cent.

Corn is inactive and a shade higher, pork, lard and coffee a shade lower. With continued business depression and new crops drawing near, even the unlimited supplies of idle money do not kindle speculative hopes.

The decrease in liabilities of firms failing still continues, and the aggregate reported for the third week in April was only \$2,792,462, and for three weeks of April \$6,985,338, of which \$2,810,194 were of manufacturing and \$3,841,095 of trading concerns. The failures have been very equally divided as to sections, the east having the larger number, with liabilities of \$2,277,000, the south \$2,572,000 and the west \$2,138,000. The failures this week have been 180 in the United States against 216 last year, for the first time in many months showing a decrease, and in Canada 26 against 23 last year. The list includes none of great importance.

Made by Asteroids In Collision.

"Holmes' comet," said Dr. Swift, "will probably prove to be a body formed by the collision of two asteroids. Their orbits cross in that region. The discovery is one of importance in the scientific world."—Rochester Post-Express.

A newspaper for the blind, The Weekly Summary, printed in Braille type and published in London, has just passed its 34th number. It has a considerable circulation, its success being evidenced by a recent enlargement of the paper.

Stage performances of the present day include many features of a degrading character which any reasonable public sentiment would condemn as utterly vicious and demoralizing.—Exchange.
